FOR IMMEDIATE RELEASE

Euronet Worldwide Software Solutions joins Latin American Association of Operators Electronic Funds Transfer and Information Services (ATEFI) as Sponsor

LITTLE ROCK, Arkansas, USA, Sept 22 – Euronet Software Solutions, a division of leading electronic payments provider Euronet Worldwide, Inc. (NASDAQ:EEFT), today announced their sponsorship of the Latin American Association of Operators Electronic Funds Transfer and Information Services (ATEFI) based in Montevideo, Uruguay.

ATEFI represents more than 25 ATM networks in 20 countries throughout Latin America and works to increase awareness of issues that affect the electronic payments industry as well to aid members in establishment and promotion of industry best practices, providing educational and networking opportunities, as well as bringing members together for cross-border public-private sector cooperation in the fight against financial crime.

“Euronet Software Solutions is proud to join ATEFI as a sponsor and we look forward to actively participating in the organization,” said Tony Warren, President & Managing Director – Payments Software, Euronet Worldwide Software Solutions. “As a software solution provider and a subsidiary of Euronet Worldwide, one of the largest pan-European IAD’s, we feel this is a great opportunity to share our knowledge and experience with payments processors and financial services organizations throughout Latin America. In addition, our involvement with ATEFI will provide us with insights that will increase our awareness of issues specific to the industry in this region.”

Oscar Castellano, ATEFI Executive Director expressed his vision on this new sponsorship: "We thank Euronet for its integration into our ATEFI community. Euronet's World Class solutions allow financial institutions, payment processors, national switches and merchants to optimize their transaction issuance, acquisition and processing processes. Therefore, we visualize a comprehensive understanding of the financial services industry through the exchange of strategic information, success stories and Euronet's more than 40-year track record will translate into valuable content for the entire ATEFI member community."

About Euronet Software Solutions

Euronet Software Solutions (Euronet USA, LLC), a division of Euronet Worldwide, Inc. (NASDAQ: EEFT), is a leading global provider of financial software solutions that power electronic payment and transaction delivery systems to support the business needs of banks and processing services providers. Our ITM payments platform and ATM and Card management solutions have reliably served the worldwide cards, payments and financial services markets for more than 40 years. We provide a fully integrated suite of solutions for issuing, acquiring, self-service, e-banking and card scheme connections. Our software offerings are designed to increase revenue, reduce expenses, improve security and increase the value of customer relationships. For more information, visit www.euronetsoftware.com.

About ATEFI

The Latin American Association of Electronic Funds Transfer and Information Network Operators brings together the main transaction network operators of Latin America and has as its main objective to promote the development and competitiveness of the services of the member entities, through the permanent exchange of knowledge, information, alliances with related institutions and other appropriate and efficient methods that contribute to the development of their businesses. ATEFI is oriented to constantly seeking to generate and add value to its members, through the appropriate means of communication and dissemination for these goals, as well as to generate opportunities for integration amongst associated partners.
