

Euronet Worldwide, Inc., to Discuss Results of Global Real Time Payments Network Participation Research Conducted with Forrester Consulting

April 20, 2021

LITTLE ROCK, Ark., April 20, 2021 (GLOBE NEWSWIRE) -- Euronet USA, LLC, a software division of Euronet Worldwide (NASDAQ: EEFY), announced today that it will discuss the results of a commissioned study about financial institutions and their challenges related to joining and participating in global real time payment (RTP) networks in an upcoming virtual presentation.

The research, conducted by Forrester Consulting on behalf of Euronet Software, included more than 300 global banking professionals who answered questions surrounding:

- The identification of initial barriers and challenges banks face when connecting their legacy systems to RTP networks worldwide
- Comparison of experiences and expectations between using internal resources and infrastructure and working with an RTP network solutions partner to enable real time payments at financial institutions
- The short- and long-term risks involved with joining an RTP network and how to minimize them by leveraging the expertise of RTP network solutions partners

The hour-long virtual presentation, "Payments at the Speed of Life – How Banks are Enabling Real-time Payments," begins at 9 a.m. EST on Thursday, April 29, 2021. Jacob Morgan, Senior Analyst at Forrester Research, will join Matt Nilles, Director of Client Services and Products at Euronet Software, to discuss the study and its findings.

The presentation is free. Interested parties can register at https://zoom.us/webinar/register/WN_4EtW-nceSRyYoLqYQwZswA. A recording of the presentation will be available afterward.
